

### Product Specifications:

Adhesive Type:	Acrylic
Total Thickness:	2.0 mils
Film Thickness:	1.2 mils
Tensile Strength:	27 lb/in
Peel Adhesion (SS):	36 oz/in
Elongation:	160%
Application Temperature	32° to 140°F
Operation Temperature	-10° to 200° F

### About Beastly Bear:

- For sealing of medium weight cartons
- For manual & automated sealing applications
- Grabs quick, pulls fiber fast
- Outlasts hot melt, superior clarity
- For hot & cold temperature applications
- High adhesion to a variety of other substrates
